

# GITEX Berlin.

Our stand, our team and the smart city products we  
presented at GITEX Europe.

# ADLIS Smart at GITEX Europe, Berlin.

At GITEX Europe in Berlin, ADLIS Smart presented its solar smart street furniture and the ADLIS AI Smart City Platform in the Digital Cities space.

Visitors, partners and city delegations tested our products live on the stand — from smart benches and tables to bike chargers, kiosks and solar pergolas — and discovered how every product connects to one management platform.

Thank you to everyone who visited us. Here are some of the best moments.

## EVENT

**GITEX Europe 2025**

## VENUE

**Messe Berlin, Germany**

## SPACE

**Digital Cities**

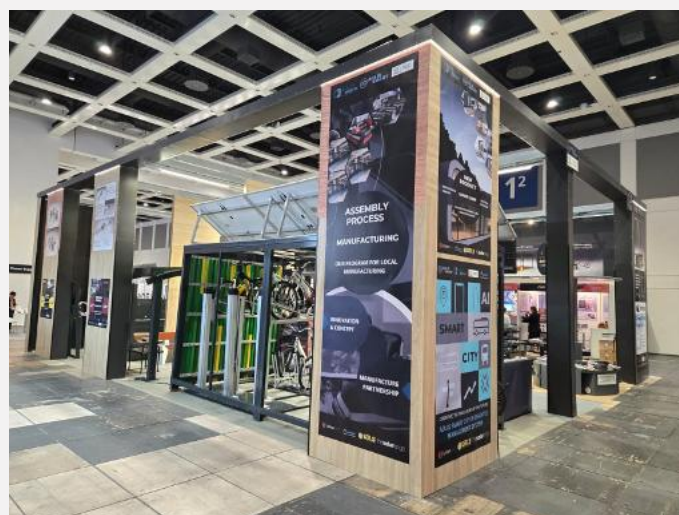

## ON SHOW

**Solar smart street furniture · AI Smart City Platform**

# 01 The event

One of Europe's largest technology shows — and a meeting point for smart city leaders.

# 02 Our stand

An open, walk-through stand where every product could be touched, used and tested.

## 02 Our stand

# 03 Meetings & partners

Distributors, investors and city teams met with our team throughout the show.

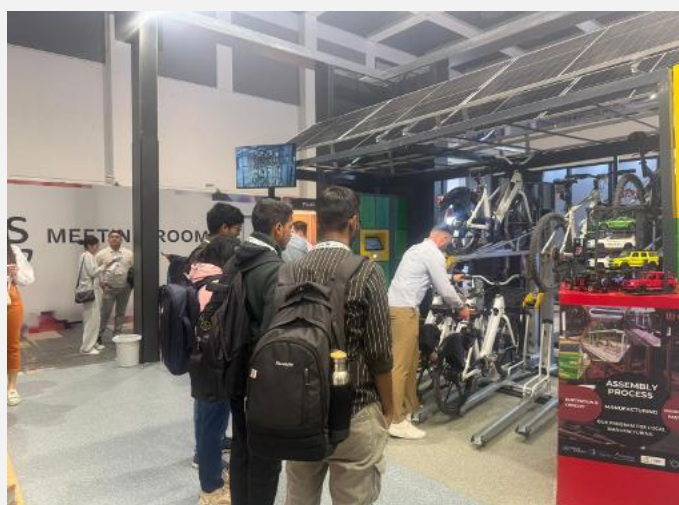

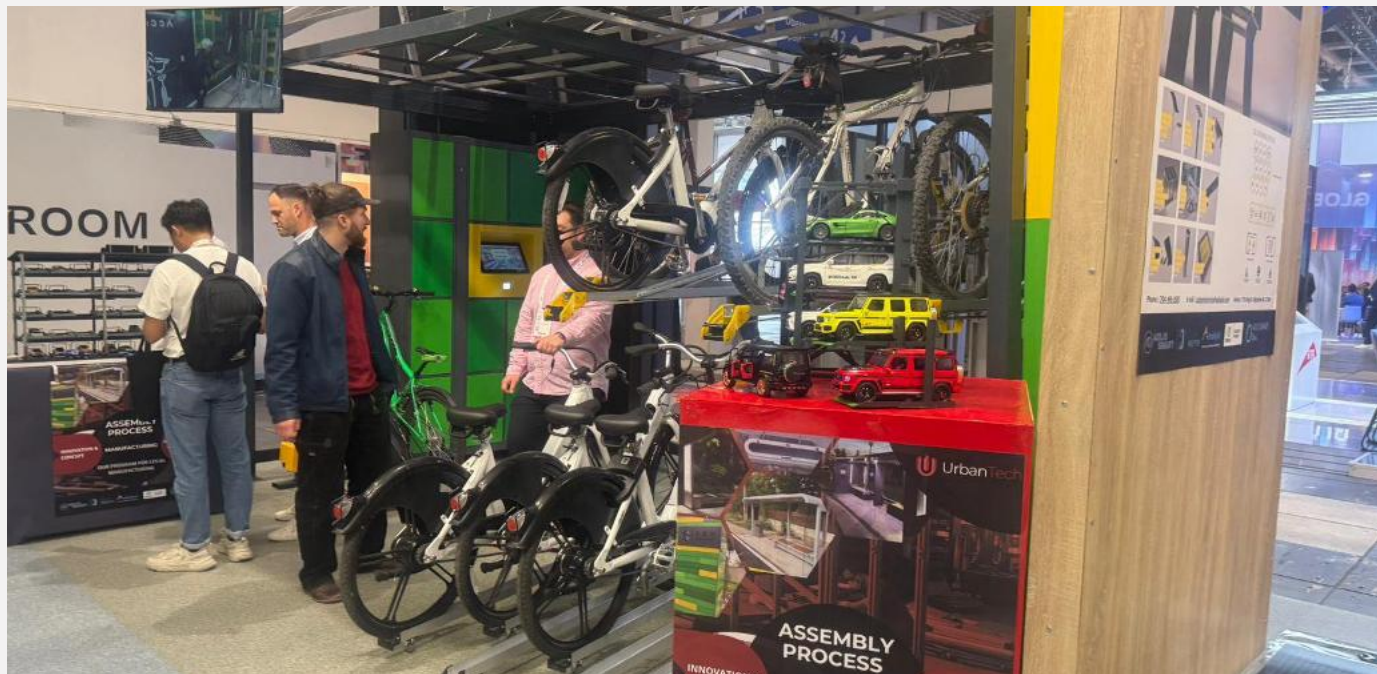

03 Meetings & partners

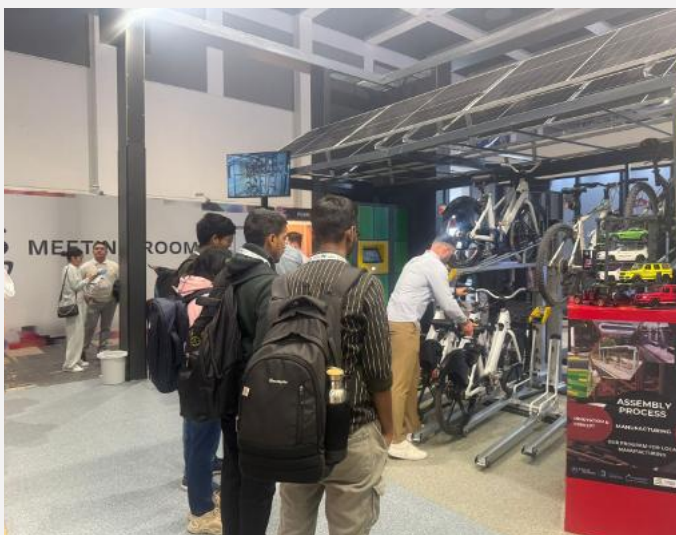

# 04 Products on show

Smart benches, tables, bike chargers, kiosks and solar pergolas — all connected to the ADLIS platform.

## 04 Products on show

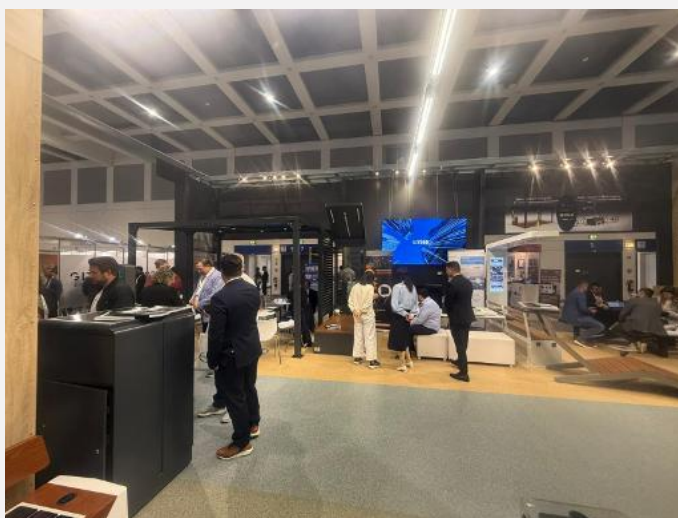

# 05 Our team

The people behind ADLIS Smart.

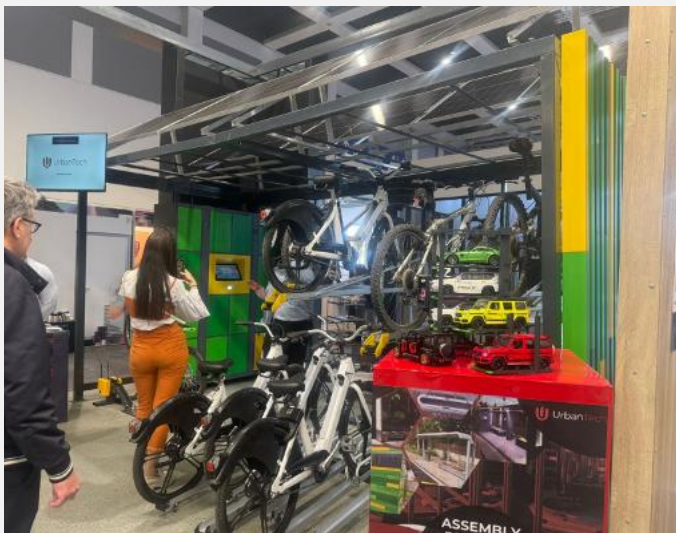

# 06 More from the stand

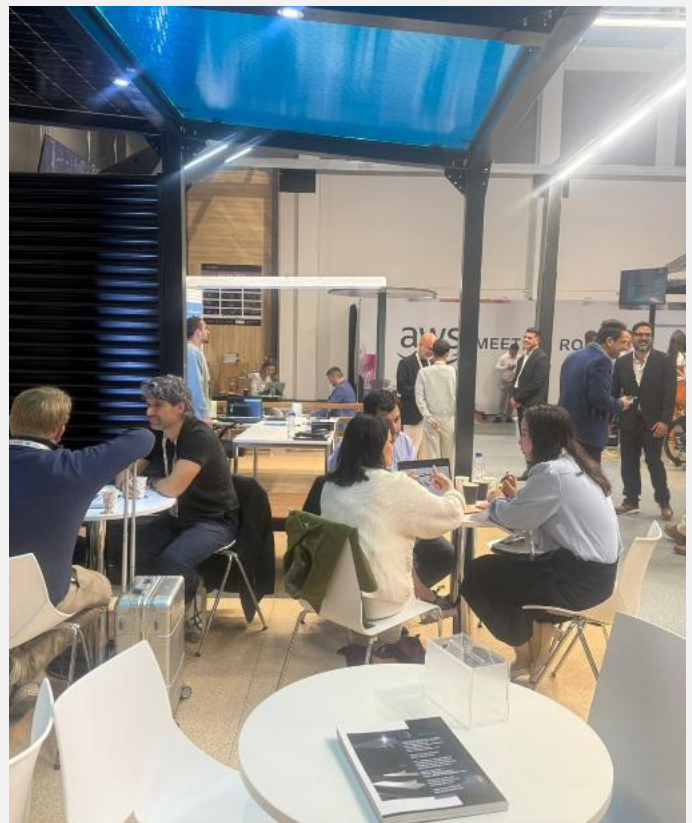

A few more moments from GITEX Europe Berlin.

## 06 More from the stand

## 06 More from the stand

# See you at the next expo.
